● Corporate Governance System

To further enhance corporate governance, the Bank transitioned to a company with an audit and supervisory committee based on a resolution passed at the 115th Annual General Meeting of Shareholders in June 2018. The Bank has established a voluntary Nomination and Compensation Advisory Committee, which serves as an advisory body to the Board of Directors and functions as both a nomination committee and a remuneration committee.

(Note) If Proposal No. 2 and Proposal No. 3 are approved as originally proposed

- **Board of Directors**

The Board of Directors holds regular monthly meetings and extraordinary meetings as necessary to decide on matters such as the creation and approval of management strategies, the development of governance and internal control systems, important matters related to business execution, and the appointment and remuneration of officers. It also oversees execution of the Bank’s business by receiving regular reports on relevant progress and operations.

- **Audit and Supervisory Committee**

Consisting of an Outside Director majority, the Audit and Supervisory Committee closely monitors the execution of duties by the Bank’s Directors and verifies the legality and appropriateness of their actions. The Standing Audit and Supervisory Committee Members attend meetings of the Bank’s Managing Directors’ Meeting and other key meetings, inspect significant approval documents, monitor and verify the status of the internal control system, and conduct audits by investigating the operations and financial status of each department and branch. They then report the audit results to the Audit and Supervisory Committee, thereby ensuring the effectiveness of audits by the committee.

- **Nomination and Compensation Advisory Committee**

Consisting of an Independent Outside Director majority, the Nomination and Compensation Advisory Committee submits recommendations to the Board of Directors based on a range of activities. These include evaluating the President and Executive Officers with titles, and selecting Director and Executive Officer candidates. The committee also deliberates on the appropriateness of the executive remuneration system and decision-making process, as well as remuneration amounts for each position, etc.

Reduction of cross-shareholdings

The Bank’s basic policy is to reduce cross-shareholdings with the aim of improving capital efficiency. This does not include cases where cross-shareholding is deemed necessary for improving the Bank’s corporate value over the medium to long term, or for helping to develop the local economy.
